NOTICE OF APPARENT LIABILITY FOR FORFEITURE

Released: January 2, 2003

By the District Director, New York Office, Enforcement Bureau:

I. INTRODUCTION

1. In this Notice of Apparent Liability for Forfeiture ("NAL"), we find that Mexicana Car and Limousine Services ("Mexicana") has apparently violated Section 90.403(a)(2) of the Commission's Rules (the "Rules"),¹ by operating radio transmitting equipment on an unauthorized frequency of 31.70 MHz. We conclude that Mexicana is apparently liable for forfeiture in the amount of four thousand dollars (\$4,000).

II. BACKGROUND

2. On September 20, 2002, a Commission agent, using a mobile direction finding vehicle, monitored the frequency 31.70 MHz in Jackson Heights, NY, to assess compliance in the Private Land Mobile Radio Services. The agent determined that Mexicana, located at 70-18 35th Avenue, Jackson Heights, NY 11372, operated base and mobile units on a frequency of 31.70 MHz. There was no evidence of a Commission authorization to operate this station on a frequency of 31.70 MHz in Brooklyn, NY.

3. On October 2, 2002, Commission agents, using a mobile direction finding vehicle, monitored the frequency 31.70 MHz in Jackson Heights, NY. The agents determined that Mexicana operated on a frequency of 31.70 MHz. The agents conducted a station inspection and determined that Mexicana's base transmitter and mobile units were operating on an unauthorized frequency of 31.70 MHz. The agents advised Francisco Carreon, owner of Mexicana, that Mexicana's base station and mobile units were operating on an unauthorized frequency of 31.70 MHz.

4. On October 8, 2002, a Commission agent monitored the frequency 31.70 MHz in Jackson

Federal Communications Commission

Heights, NY and again positively identified transmissions to Mexicana.

5. On October 11, 2002, the New York Office sent a Notice of Violation, by First Class and Certified Mail Return Receipt Requested, to Mexicana for operation on an unauthorized frequency of 31.70 MHz. The New York Office did not receive a reply to the Notice of Violation.

III. DISCUSSION

6. Section 90.403(a)(2) of the Commission's Rules requires that licensees in the private land mobile radio services shall be directly responsible for the proper operation and use of each transmitter for which they are licensed. In this connection, licensees shall exercise such direction and control as to assure that the transmitter is being operated in a permissible manner. A review of Commission's records showed that Mexicana was granted authority under their license, WNXX978, to operate on a frequency of 30.68 MHz. Agents observed the base station and mobile units operating on a frequency of 31.70 MHz.

7. Based on the evidence before us, we find that, Mexicana Car and Limousine Services operated radio transmitting equipment on an unauthorized frequency of 31.70 MHz on September 20, 2002, October 2, 2002 and October 8, 2002, in willful² and repeated³ violation of Section 90.403(a)(2) of the Rules.

8. *The Commission's Forfeiture Policy Statement and Amendment of Section 1.80 of the Rules to Incorporate the Forfeiture Guidelines*, 12 FCC Rcd 17087, 17113 (1997), *recon. denied*, 15 FCC Rcd 303(1999) ("*Forfeiture Policy Statement*"),⁴ sets the base forfeiture amount for using an unauthorized frequency at \$4,000. In assessing the monetary forfeiture amount, we must take into account the statutory factors set forth in Section 503(b)(2)(D) of the Communications Act of 1934, as amended,⁵ ("Act") which include the nature, circumstances, extent, and gravity of the violation, and with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and other such matters as justice may require. Applying the *Forfeiture Policy Statement* and the statutory factors to the instant case and applying the inflation adjustments, we believe that a four thousand dollar (\$4,000) monetary forfeiture is warranted.

IV. ORDERING CLAUSES
